

The Little Book of Cloud Computing Security, 2013 Edition (Paperback)

By Lars Nielsen

New Street Communications, LLC, United States, 2013.
Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Completely updated for 2013, this new edition of the bestseller provides lay readers with a concise, to-the-point, up-to-date, no-nonsense introduction to the fundamental security issues confronting those enterprises who have moved, or are considering a move, to the Cloud. In a jargon-free approach that assumes little prior knowledge, Lars Nielsen explores both the advantages and the pitfalls of various options in order to provide the very best data by which enterprises can make informed decisions about how to proceed with their own Cloud security paradigms. CONTENTS: Introduction * Fear and Loathing in the Cloud * Rudiments * Cloud Security Alliance, the CSA GRK Stack, and STAR * Open Data Center Alliance (and Cooperation with CSA) * Microsoft s Free Cloud Security Readiness Tool * Cloud Standards Customer Council, and the Question: Which Standards Organization Will Prevail? * Federal Risk and Authorization Management Program (FedRAMP).
