European Interuniversity Press. Paperback. Book Condition: new. BRAND NEW, Europeanisation au XXe Siecle Europeanisation in the 20th Century: Un Regard Historique the Historical Lens, Matthieu Osmont, Emilia Robin-Hivert, Katja Seidel, Mark Spoerer, L'interet grandissant pour le concept d'europeanisation ces dernieres annees fait echo a la transformation des societes europeennes depuis la fin de la guerre froide. Des lors, il apparait de moins en moins legitime d'enfermer l'histoire contemporaine des pays europeens dans un cadre exclusivement national. En effet, le concept d'europeanisation permet a la fois de depasser le cadre national et d'ecrire une histoire de l'Europe a partir d'un angle plus large que celui de l'integration europeenne. Les contributions presentees dans ce volume demontrent a l'evidence que le phenomene de l'europeanisation ne se limite pas a l'apres-1945, ni a la seule partie occidentale de l'Europe. The growing interest in the concept of Europeanisation reflects the transformation of European societies since the end of the Cold War. Since then it has become less and less legitimate to consider the contemporary history of European states from a purely national angle. Indeed, the concept of Europeanisation allows national frontiers to be overcome and to write a shared European history from a broader perspective than just the European integration project. The contributions in this volume show that the phenomenon of Europeanisation is not limited to the post1945 period, nor is it limited to Western Europe.
