

General Chemistry Experiment

Filesize: 3.55 MB

Reviews

This type of ebook is everything and got me to seeking in advance plus more. it was writtern really completely and helpful. You wont feel monotony at at any moment of your respective time (that's what catalogues are for about should you request me).

(Dr. Santino Cremin)

GENERAL CHEMISTRY EXPERIMENT

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 218 Publisher : Science Press Pub. Date :2008-09. This book is based on the Ministry of Education. Dialectics of Nature Studies (syllabus) (2002 draft) on curriculum and course content to adjust their thinking and recommendations prepared by the Organization Master materials cover topics including: Overview (description of objects of natural dialectics. content and nature of the creation and development of natural dialectics. dialectics of nature study and research the meaning). the first part (of nature: The main material of the existence of nature and evolution models. interaction between man and nature). the second part of (scientific concept: the process of discussing the history of scientific development. scientific spirit and scientific value. scientific theories of the formation and development of scientific epistemology and scientific methodology). the third part (technical concept: Research technical nature and characteristics of the structure and type of engineering. technological progress and technological innovation. technical methods and technology transfer. high-tech industries). the fourth part (the sociology of science: analysis of the characteristics of modern science and technology revolution and trends. scientific technological and social system of science and technology and social interaction. science and technology and sustainable development strategy).
